

LEADING FOR GOOD

Project Descriptions

Fall 2014

Nogales Community Development

Incubator/Coworking Space Feasibility Study:

With the goal of providing NCD with the research and information needed to determine the best course of action, the LeadLocal intern team will investigate the local market needs as well as basic organizational and financial feasibility for the creation of the NCD coworking/entrepreneurship incubator space in downtown Nogales.

La Encantada

Community Garden Outreach:

With the goal of providing La Encantada with a recommended community engagement plan for the community garden, a team of LeadLocal interns will reach out to identify, recruit, and engage potential community partners for the garden.

Pima County OneStop

Youth Interns-In-Industry Program Development:

With the goal of creating a business-friendly internship program model, a team of LeadLocal interns will refine the existing internship model using assessment data from the Summer 2014 pilot and create a final toolkit and training program for the OneStop intern-in-industry summer program.
