## Fall 2020 Opening of School Updates

### Fall 2020 Information and Updates

- Please visit [Fall 2020 Information and Updates](#) located on the [Office of the Registrar](#) website for the most updated information about the Fall Schedule of Classes, an FAQ, and help guides.

### Change of Schedule

- The Change of Schedule/Late Change Petition has moved online. In the new process, students will access the form on our website [Change of Schedule](#). The online process will be available for Fall 2020 beginning on August 17, 2020.

**THE ROAD BACK** A GUIDE FOR IN-PERSON AND ONLINE COURSES IN FALL 2020

We're so glad to welcome you for a new school year. As you probably know, your classes this fall will look a little different than usual. The University of Arizona will offer four types of classes, ranging from fully in-person to fully online. You will be able to identify which format your courses will feature by reviewing your schedule in UAccess Student. All courses will provide options for students who are unable to come to campus due to illness or other temporary circumstances, as well as for graduate students who may need to remain remote for the duration of the semester. Undergraduate students planning to remain remote for the duration of the semester should enroll in Live Online or iCourses where possible.

**THE FOUR COURSE FORMATS**

- IN-PERSON**  
Students and instructors all attend class in person with enhanced health protocols, including wearing face coverings and decreasing classroom density.
- FLEX IN-PERSON**  
Students participate in a mix of in-person and online modalities. For example, you may be in a rotating group that alternates between in-person and online meetings following the weekly class schedule. Or you may participate in lectures online and labs in person. The exact mix of in-person and online will be determined by your instructor.
- LIVE ONLINE**  
The instructor and students are online simultaneously, and your instructor provides content in a live online platform.
- iCOURSE**  
For the majority of coursework, students and instructors are not required to be online simultaneously, and students complete their work through D2L.

**BEAR DOWN!**

### GRO (Grade Replacement Opportunity) Policy Updates

- There were two [GRO policy updates](#) this year.
  - The deadline to file a GRO has been extended to the same date as the last day for a student to withdraw online through UAccess. Another way to look at it is that it is the last day before a Late Change Petition is required to withdraw from a class.
  - The GRO maximum unit limit of 10 has been eliminated. Rather than "3 courses and 10 units," the maximum will be "3 courses" with no limit on the number of units for the 3 GROs.

### 18-Unit W Maximum Policy

- The [W policy](#) had one update that is effective for Fall 2020. There is now a "reset" of the 18-unit maximum when a student graduates and starts a second Bachelor's degree (sequential, not concurrent). W grades incurred during a student's first Bachelor's degree will not count toward their W maximum during their second Bachelor's degree.

### Remote Availability & Submitting Documents

- We will be continuing to serve students and the University via mostly remote means for the Fall 2020 academic term.
- Our [contact information page](#) will be updated as well as a [Services Updates – Remote Availability site](#) as things change.
- Please direct students to submit all forms and/or documentation to the Office of the Registrar through [reghelp@arizona.edu](mailto:reghelp@arizona.edu).
