OPTI 100H - What is Light?
TuTh 2:00 - 3:15 PM, Meinel 307

IR Camera
Proximity Sensor
Ambient Light Sensor
Dot Projector
Visible Camera
Illuminator

Display
Computer Chips made with
Optical Microlithography

Microwaves beam to a cell phone tower, then lasers, fiber optics, and optical switches provide the communication back & forth

THE UNIVERSITY OF ARIZONA
**Wyant College
of Optical Sciences**

Optics is driving the
4th Industrial Revolution!
