

MIC 195G – CAREERS IN MICROBIOLOGY

Interested in learning about a career in infectious disease, microbrewing, public health, water microbiology, food safety, or even space microbiology?

MIC 195G will provide you with an opportunity to meet and discuss career options with different microbiologists working for the CDC, USDA, NASA, and many other exciting industries.

Wednesdays 11:00 – 11:50 am

Saguaro Hall Room 225

Instructor: Dr. Kerry Cooper

Email: kcooper@email.arizona.edu
