

MEMORANDUM

DATE: March 10, 2020
TO: Agriculture, Life and Veterinary Sciences, and Cooperative Extension personnel
FROM: Shane C. Burgess 
SUBJECT: Five-year Administrative Review of Dr. Parker Antin

Dr. Antin's mandated five-year review as associate dean for research in the College of Agriculture and Life Sciences has been completed. These reviews are always, in some capacity, a review of the mission area of the college and the functionality of this area of Administration.

I have discussed the review with Dr. Antin in detail. It is never possible for a committee to truly comprehend the role of an administrator's position, but it was well done.

Please join me and Dr. Antin for a meeting later this month to discuss the findings of the review:

Tuesday, March 31
11:00 a.m. – 12:00 p.m.
ENR2, Room N595

The effective and efficient committee were Zeliann Craig, Animal and Comparative Biomedical Sciences; Karen Schumaker, Plant Sciences; Scott Going, Nutritional Sciences; Darren Shevchuk, Nutritional Sciences; Amanda Stevens, Plant Sciences; Sarah Noelle, Natural Resources and the Environment; Neal Armstrong, Research, Innovation and Impact; Jefferey Burgess, Public Health Administration; and Joann MacMaster, Tech Launch Arizona.

I thank them all for their service and especially Mike Staten, Bart Cardon associate dean for academic programs and career development, for chairing the committee.

cc:	Neal Armstrong	Karen Schumaker
	Betsy Cantwell	Darren Shevchuk
	Jefferey Burgess	Mike Staten
	Zeliann Craig	Amanda Stevens
	Scott Going	Patricia Stock
	Iman Hakim	
	Matt Jenks	
	John Koprowski	
	Joann MacMaster	
	Sarah Noelle
