

Press Release
January 8 2013

Native Range 101

Announcing an introductory workshop for those interested in rangeland management. Ranchers, wildlife or other natural resource managers, students, teachers or anyone who wants to know more about rangelands will want to attend this half day workshop conducted by the University of Arizona Cooperative Extension Service in Prescott Arizona on Wednesday January 23rd. Topics covered include: Range site and plant identification, range and grazing monitoring, and grazing animal nutrition. Presenters come from a variety of backgrounds and expertise. We will start at 1pm in the Sedona/Verde Room of the Prescott Resort and Conference Center. There is no cost for this workshop. This event is being held in conjunction with the Arizona Section Society for Range Management Winter Meeting. For more information or to RSVP, contact Doug Tolleson at dougt@cals.arizona.edu or 928-554-8999. For more information about the Society for Range Management meeting, you may also contact Doug Tolleson or Mike Hemovich at mh20@aol.com . We look forward to seeing you at either or both of these events.
