

# WATER SAVING & QUALITY

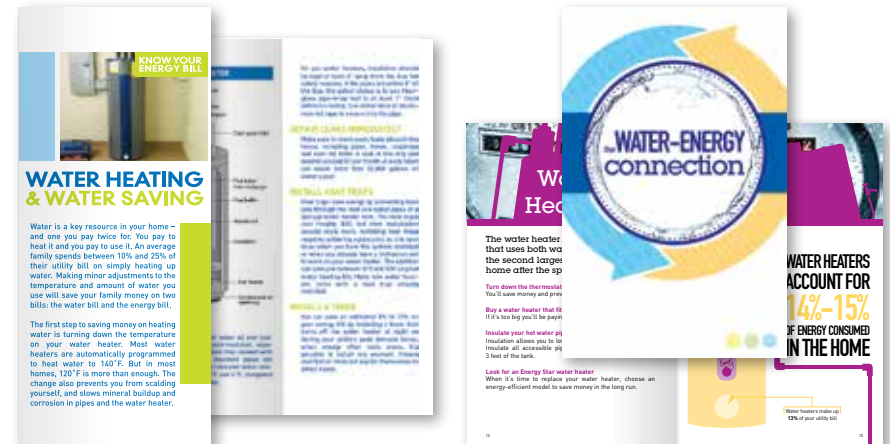

## WATER SAVING PLAYING CARDS

Water Education Group is excited to introduce *Water Saving Tips Playing Cards* that will help your clients conserve water, save money, and have fun, too! Each number card in this special deck contains an informative tip for saving water in the home. The whimsical face cards and jokers reinforce the messages. On customized decks, the back of the cards can feature your organization's logo.

## WATER SAVING TIPS FOR YOUR HOME

This booklet shows homeowners and renters how a few simple actions, such as fixing leaks and fully loading the dishwasher, can add up to big savings. *Also available in Spanish.*

## KNOW YOUR ENERGY BILL: WATER HEATING & WATER SAVING

This brochure identifies the areas in homes that use the most water and offers cost-effective solutions. *Also available in Spanish.*

## THE WATER-ENERGY CONNECTION

Reducing energy use reduces water use, and vice versa! Help your clients make the connection and start making smart choices.

## WATER SAVERS CALENDAR

This water-saving calendar is sure to make a splash! It's colorful, affordable, and full of tips to help homeowners save money and conserve water.

## GUIDE TO COMPOSTING

This full-color booklet covers all aspects of composting. It explains which materials are compostable, how to choose an enclosure, and how to fix common problems.

## FOGS JAR OPENER

Remind your clients to keep Fats, Oils, and Greases out of their drains every time they open a jar of spaghetti sauce.

## WATER SAVING TIPS IN DROUGHT CONDITIONS

This helpful booklet offers tips to help manage water consumption in drought conditions. *Also available in Spanish.*

## A GUIDE TO GROUND & STORM WATER

This booklet gives consumers a basic understanding of ground and stormwater, how they interact with it and what they can do to protect it.

## WATER WHEEL

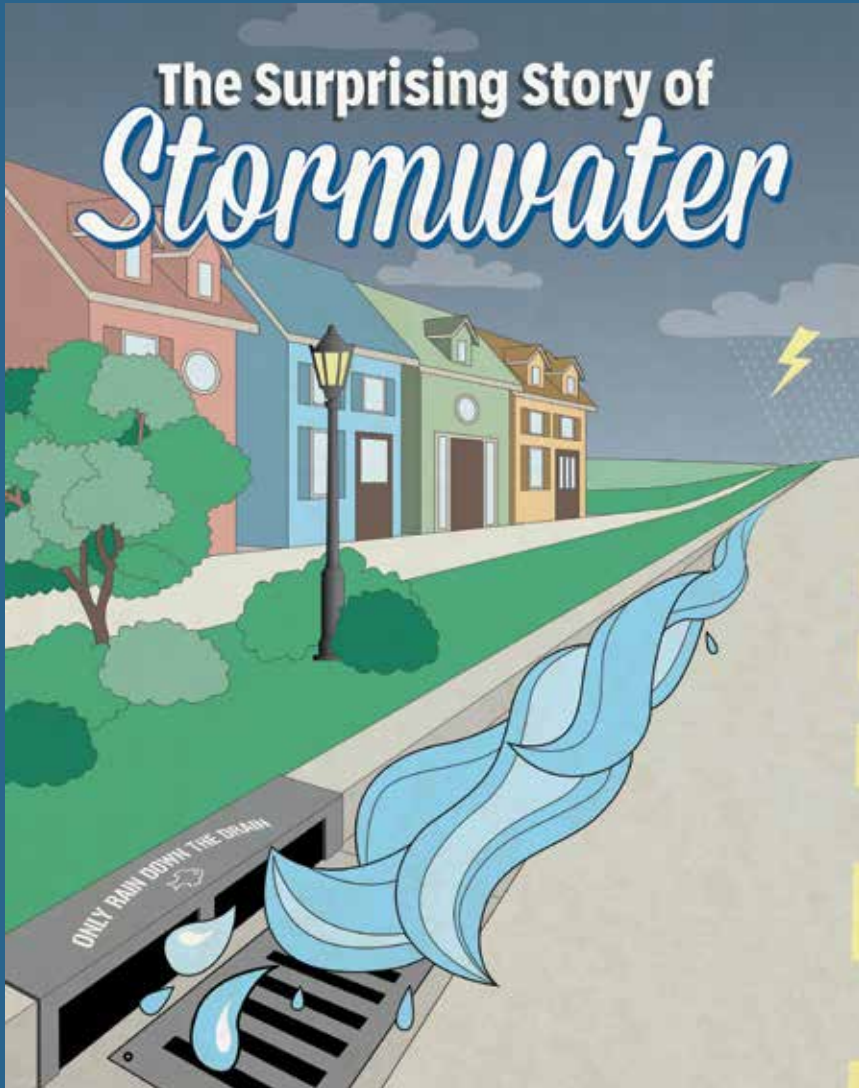

This updated and redesigned interactive tool displays 20 water-saving ideas for the kitchen, laundry, bathroom, and water heater.

## GREEN LIVING WHEEL

This educational wheel is an interactive tool that provides 24 practical tips for saving energy, conserving water, and reducing waste.

# FOR KIDS

## THE SURPRISING STORY OF STORMWATER

This full color activity book is a great way to teach kids all about stormwater. Written for grades 3 and up.

## THE WONDERFUL WORLD OF WATER

This full-color water education book is written for third grade or higher. It includes facts on the water cycle and wastewater treatment, puzzles, and fun activities.

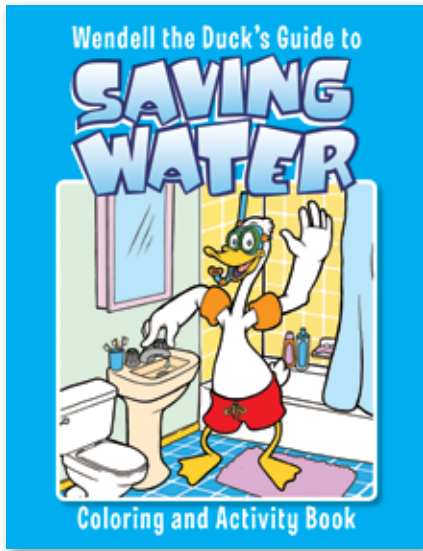

### WATER-SAVING STICKERS

These colorful stickers feature original designs and are a great complement to your existing outreach materials.

### BOOKMARKS

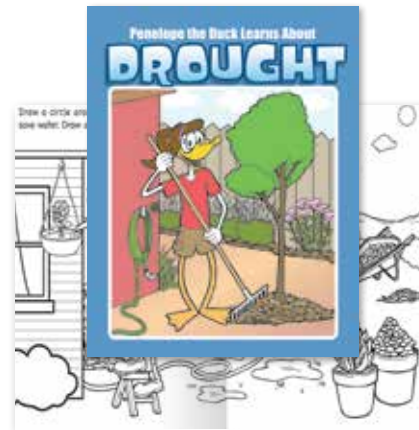

Kids will never lose their place with these great educational bookmarks! The topics covered include: water conservation, waste water treatment, and stormwater.

## WENDELL THE DUCK'S GUIDE TO SAVING WATER

Wendell teaches kids that a few simple steps, such as taking shorter showers and finding leaks, can save hundreds of gallons of water. *Also available in Spanish.*

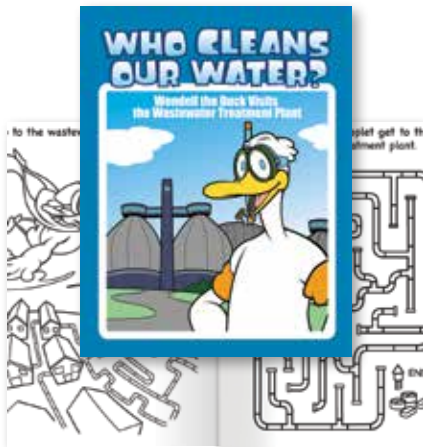

## PENELOPE THE DUCK LEARNS ABOUT DROUGHT

In this activity book, Penelope the Duck encounters a drought and teaches kids how they can help save water, prevent forest fires, and stop erosion. *Also available in Spanish.*

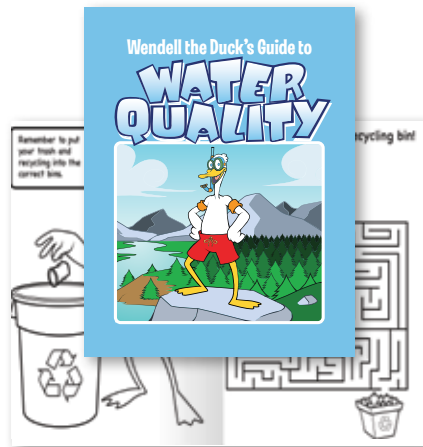

## WENDELL AND PENELOPE LEARN ABOUT STORMWATER

Wendell and Penelope are here to teach kids the basics of stormwater in this fun and education coloring book.

## WENDELL THE DUCK WHO CLEANS OUR WATER?

Wendell the Duck visits the local wastewater treatment plant to learn how water is cleaned.

## WENDELL THE DUCK'S GUIDE TO WATER QUALITY

Our favorite duck teaches kids about the value of clean water. Wendell shows kids how to work together to take care of our waterways.

## KEEPIN' YOUR NEIGHBORHOOD CLEAN

A family of sanitation trucks teach kids about recycling, landfills, mulching, and more!

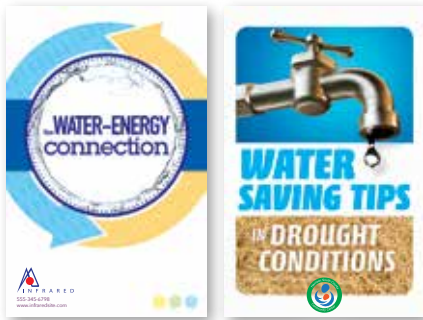

## LEARN ABOUT RECYCLING WITH THE RECYCLE-BOTS

In this activity book, a family of robots teaches kids why recycling is important and shows them how to reduce waste.

***Focused on Saving.  
Committed to Quality.***

---

At Water Education Group, we know how valuable water is, and how important the water education field is. That's why we work with organizations across the country to help promote water conservation and water quality education. It's all part of our mission to offer the highest quality outreach materials on the market. It's also why we continually revise and update our products to include the most up-to-date information and best practices in the industry. We know you take pride in your work. We do, too.
