

NOTICE

Request for Proposals - 2020 Arizona Cotton Growers Association Arizona State Support Committee

The Arizona Cotton Growers Association State Support Committee (Ag Research) is requesting research proposals for funding under the Cotton Incorporated State Support Program to benefit the Arizona Cotton Industry.

The ACGA/State Support Committee is requesting that all research proposals be submitted to the Association **by no later than the close of business on Friday, September 6, 2019**. The proposals can be submitted via e-mail to Kevin Rogers, kevin@azcottongrowers.com or by mail: 9885 S. Priest Drive, Suite 102, Tempe, Arizona 85284.

We will entertain proposals addressing a broad spectrum of topics. However, due to a reduction in the 2019 research budget, it is very likely that we will need to focus only on programs that are currently being funded by the ACGA.

Research Priorities: The ACGA/State Support Committee is continuing its current Research Priorities, as follows:

- Cotton Production Activities
- Insect Control
- Water/Water Conservation
- Dust Control in Pinal County
- Advanced Strains Trials
- Herbicide Resistance Management

Format: The Association further requests that all proposals be submitted on no more than two pages with the following information:

1. Research Project Title
2. Researcher(s)
3. Amount Requested (although the Association funds on a one-year basis, please indicate whether this project will involve multiple years)
4. Brief description of the project and objectives
5. How this research project will benefit the Arizona Cotton Industry

Presentation: The presentation of projects to the Committee is scheduled for Friday, September 13th at the Maricopa Agricultural Center, time TBD. You will be advised on the details as soon as we have them. Each presenter will be allowed five minutes for their presentation. Presenters will be scheduled on a first come, first served basis.

If you have any questions, please call Kevin Rogers at (602) 437-1344.
