COOPERATIVE EXTENSION

Celebrating 100 Years

In 2014, we celebrate the 100th anniversary of the Smith-Lever Act, which established the Cooperative Extension Service, a state-by-state national network of educators who extend university-based research and knowledge to the people.

The University of Arizona, College of Agriculture and Life Sciences' *Cooperative Extension* will be hosting Centennial events around the state this year. On the back are the dates for these celebrations.
