

# CULTIVATING HEALTHY PLANTS

An IPM Webinar Series

## Don't Let the Bad Bugs Bite Preventing Pests that Impact Human Health

Dr. Dawn Gouge is a Professor and Public Health Entomology Specialist at University of Arizona, where she conducts research, teaching, and Extension work in public health and Integrated Pest Management.

**Dawn Gouge**  
**Thursday, Feb. 2**  
**11 a.m. PT/ 12 p.m. MT**

Diseases from ticks, fleas, and mosquitos are on the rise in many urban areas. The Covid-19 pandemic has focused attention away from this public health issue. In this webinar, we explore the need to prioritize pest prevention in urban planning, housing and landscape design.
