CONTINUING EDUCATION COURSES AND WEBINAR IDEAS**

Please note: The following is a very small list of continuing education courses, seminars, and webinars approved by the Arizona Department of Agriculture. I occasionally receive requests to promote CEU courses through my listserv, which I am always happy to do. This is not a list of every CEU course offered. If you have or know of a course you would like me to add to the list, please send me the details outlined in the table's columns. I will do my best to send around an updated list each month. *Thank you and please see the table below.*
