

Urban & Community Forestry Green Campus Grant
2025

REQUEST FOR GRANT APPLICATIONS
(Notice of Funding Opportunity)

Applications must be submitted electronically
through DFFM's application portal.

Visit our website for more information:

<https://dffm.az.gov/grants/community>

Application Deadline:

No Later than November 13th, 2025

Notice of Funding Opportunity

Arizona Department of Forestry and Fire Management Urban and Community Forestry Green Campus Grant Guidelines

Project Timeframe:	Quarter 1, 2026 – End of Quarter 4, 2026*
Projects Closed:	January 31, 2027 (Final Reports and Reimbursement Requests Due)
Est. Total Program Funding:	\$125,000
Award Maximum:	\$40,000
Award Minimum:	\$15,000
Typical Granting Range:	\$20,000 – \$30,000
Cost Share/Match Required:	NO MATCH REQUIREMENT
Grant Theme:	<u>Native trees in education, function, design, and use on K-12 school, healthcare, and faith-based institution campuses</u>
Application Submittal:	https://gn.ecivis.com/GO/gn_redir/T/19laj16eunv7i
Application Deadline:	11:59 PM Arizona Time Thursday, November 13th, 2025
Award Notification:	After November 13th, 2025
Questions:	Madeline Burton UCF Program Manager mburton@dffm.az.gov 480-769-4184

Major funding for this program is provided by the Arizona Department of Forestry and Fire Management's Urban and Community Forestry Program and USDA Forest Service. These institutions are equal opportunity providers.

Notice of Funding Opportunity

DFFM reserves the right not to accept the following:

- Hand-written applications (except for signature)
- Applications that do not meet the grant criteria
- Incomplete applications

Introduction

Arizona Department of Forestry and Fire Management (DFFM) – Urban and Community Forestry, in cooperation with the USDA Forest Service State and Private Forestry, is pleased to offer the Urban & Community Forestry Green Campus Grant.

Urban and Community Forestry is a cooperative program that focuses on the stewardship of urban natural resources. It is designed to encourage projects that promote tree planting, tree care, the protection and enhancement of urban and community forest ecosystems, and education on tree issues in cities, towns, and communities nationwide. Urban & Community Forestry Green Campus Grants are awarded through this program to encourage and promote the development and conservation of greenspaces on K-12 school, healthcare, and faith-based institution campuses through the use of native tree species. Urban & Community Forestry Green Campus Grants encourage and promote citizen involvement in creating and supporting long-term and sustainable urban and community forestry programs at the local level.

Program Objectives

The Urban & Community Forestry Green Campus Grants are intended to develop healthy, sustainable, and green spaces on the campuses of K-12 schools, healthcare facilities, and faith-based institutions. Projects should aim to improve the long-term health and care of these green spaces or create new initiatives in Arizona communities that would not otherwise be funded through existing budgets.

State Strategic Goals and Program Priorities

Arizona Forest Action Plan 2020

To be eligible, all proposals must meet at least **one** of the State's strategic goals for urban and community forestry outlined in the **Arizona Forest Action Plan 2020**. This document can be found on the Forestry and Community Forestry website (<https://dffm.az.gov/forestry-community-forestry>). Projects should touch on one or more of the following goals relevant to Urban Forestry:

1. **People and Landscapes, Goal 1:** People and communities receive maximum benefits from forests and trees (p. 43)
2. **Ecosystem Health, Goal 1:** Resilient and diverse forest ecosystem structures, processes, and functions (p. 60).
3. **Climate Change, Goal 1:** Increase the resilience of ecosystems to climate change (p. 124).
4. **Climate Change, Goal 3:** Broad public and community understanding of climate change science, Arizona's variable climate, and current and future impacts (p.125).

Notice of Funding Opportunity

5. **Cultural Resources, Goal 1:** Improved communication between all land management agencies, indigenous tribes, and other cultural groups about varying perspectives and beliefs related to forests, trees, and other natural resources (p. 141).

Eligible Applicants

Projects must conform to laws and authorities in the Cooperative Forestry Assistance Act (Section 9. [16 U.S.C.2105] Urban and Community Forestry Assistance. Costs must conform to 2 CFR 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

- Who Can Apply:
 - Units of government (state, counties, municipalities, cities, towns)
 - Tribal governments
 - Non-profit organizations with 501(c)3 status, including faith-based institutions and health care facilities operated as a 501(c)3
 - Public educational institutions
- **For-profit companies and individuals are not eligible**, but citizen groups may work with or through an eligible organization.
- Eligible Lands:
 - Eligible applicants may apply for funding for a project on **non-Federal lands**. Lands owned or administered by the federal government are not eligible for this funding opportunity except for lands held in trust for Native American Tribes and individuals (hereinafter Trust lands).
- **Organizations and entities that have not already received funding from the Arizona Department of Forestry and Fire Management Urban and Community Forestry Program may be given priority** in this process.

Organizations that have previously received a grant from DFFM must be current on their quarterly reporting requirements and reimbursements as outlined in their signed grant agreement(s) before being eligible for a new award.

AZ DFFM does not discriminate against any person or organization because of race, color, religion, disability, sex, age, or national origin.

Grantee Showcase

Each grant recipient will be **required** to participate in the annual Grantee Showcase during the year their grant is active. The Grantee Showcase typically takes place via online meeting every year in September or October.

Project Categories

Well-rounded projects include a scope of work that touches on one or more of the seven (7) categories listed below. Proposals that meet multiple categories are more desirable and competitive.

Notice of Funding Opportunity

The bulleted example projects under each category are listed **for your reference**. This is a non-exhaustive list of possible **example project ideas** by category; other projects that fit the category are encouraged.

Category 1 – Information and Education

- Arbor Day programs
- Workshops/seminars with an urban forestry emphasis
- Arborist and tree worker training classes
- Urban forestry youth programs or education

Category 2 – Planning

- Planning or management document development (e.g., Urban Forest Strategic Management Plan)
- Efforts toward becoming an approved Tree City USA, Tree Campus K-12, or Tree Campus Healthcare
- Urban Forestry Board or commission development

Category 3 – Community and Natural Resources Management

- Asset Management (that includes urban trees)
- Tree inventories (including protocol development)
- Canopy inventories (including protocol development)

Category 4 – Maintenance

- Hazard tree evaluation, removal, and replacement
- Contract pruning using the International Society of Arboriculture standards
- Tree and sidewalk conflict resolution with an emphasis on tree preservation
- Risk Management programs

Category 5 – Demonstration Projects

- Technology transfer
- Tree habitat implementation and restoration projects
- Market-driven Forest Fire Hazard Reduction in urban-rural interface areas

Category 6 – Climate Change Resiliency

- Strategies that build urban forest resiliency
- Urban forest vulnerability mapping (related to drought, flooding, and other climate change impacts)

Category 7 – Assessment

- Expansion of existing assessments intended to improve understanding of tree growth and maintenance, tree physiology and morphology, and species adaptations in Arizona.
- Projects that further explain the role of urban trees in human health, conserving energy, and mitigating the urban heat island.

Grant Limitations and Projects that DO NOT Qualify

1. Projects must focus on the management and/or programming of urban and community forestry activities on the campuses of K-12 schools, healthcare, and faith-based institutions.
2. No more than 20% of the *total project dollars* may be used for **non-tree** plant materials.

Notice of Funding Opportunity

3. Funds used to purchase trees as part of the project may not be used to substitute for existing tree planting and care expenditures. Any tree planting project* must include a five-year (5-year) maintenance plan. This maintenance must be funded separately by the applicant. All trees purchased must meet the American Standard for Nursery Stock and the Arizona Nursery Association Standards.
4. Indirect costs associated with the proposed activities may not exceed 15% of the reimbursable project costs.
5. All project work must be **completed by December 31, 2026**, unless otherwise authorized by the grant administrator or specified in the grant agreement. Priority may be given to projects that can be completed before this date.
6. This is a reimbursable grant program with no match requirement. Grant funds will be distributed on a 100% reimbursement basis, and at no time can they be used to cover more than 100% of the project cost.
7. No grant funds will be distributed until project expenditures are accrued.
8. Ten percent (10%) of the funds may be withheld from the final payment until the project is completed and approved by the Urban and Community Forestry representative.
9. Funds may only be used for specified projects and cannot be used to meet ordinary operational expenses or to purchase food or beverages.
10. Grant funds cannot be used to purchase capital equipment (i.e., costing >\$5,000). However, they may be used to rent such equipment.
11. Projects involving infrastructure and construction are not allowable. Construction is defined as the building of foundations and permanent surfaces and includes structure remodeling, bridge building, road maintenance, or infrastructure, water development, etc.
12. Research and development projects are not allowable.
13. Projects that include the purchase of capital equipment (valued over \$10,000 per item) are not allowable.

***Note: Organizations that receive a grant related to planting must have a Certified Arborist or Certified Landscape Professional (CLP) on hand when the plants are delivered and when planting occurs. If the applicant already has either on staff, they may perform this function and credit their time as a match toward their awarded grant.**

Federal and State Regulations

Grantees must comply with all applicable local, state, and federal laws, policies, and procedures, including obtaining all permits and approvals necessary to proceed with proposed grant activities. Successful applicants must also comply with all regulations pertaining to Federal Grants. It will be the applicant's responsibility to develop, document, administer, and manage the grant in accordance with all applicable Federal and State laws, including the Federal Government Single Audit Act and all relevant Office of Management and Budget (OMB) circulars. Awardees will be subject to the OMB requirements and guidance in subparts A through F of 2 CFR 200 as adopted and supplemented by USDA in 2 CFR part 400.

CFR (Code of Federal Regulations) – <http://www.ecfr.gov>. If grantees need assistance obtaining any of these documents in electronic or printed form, please contact DFFM for assistance.

Notice of Funding Opportunity

All records for awarded grants must be maintained for five (5) years following final payment or longer if required by law. These grants include an audit requirement, and instructions are provided in the Code of Federal Regulations: 2 CFR 200.

SAM Registration

Recipients are required to register with the federal government System for Award Management (SAM) at <https://www.sam.gov> before receiving an award. You will need a Unique Entity Identifier (UEI), Taxpayer ID number (TIN), and financial information to set up an Electronic Funds Transfer. Please allow at least two (2) weeks to apply or renew this registration. Please note DUNS numbers are no longer used. All information is now in the SAM System.

Recipients must also register with the Arizona Department of Administration's Vendor Portal (<https://app.az.gov/>) to receive reimbursements.

Payment of Funds

Payment is made on a reimbursement basis, and only approved, eligible costs with proper documentation can be reimbursed. Reimbursements may take 60-90 days to process after approval from DFFM. Payments may be held until all reporting and paperwork requirements have been met by the recipient.

No funds will be reimbursed for expenses incurred prior to execution of the formal written agreement between the Arizona Department of Forestry and Fire Management and the applicant organization.

Award Selection and Notification

Award Selection and Notification Applications are competitively scored by staff from DFFM and the Urban and Community Forestry Advisory Committee, which consists of members from urban forestry partner organizations. Funding is expected by December 2025. Applicants will be notified of the status of their proposal via email, and those selected for funding will be provided with further instructions.

Application Submission

Applicants will complete an online application via eCivis, which consists of multiple parts. After creating an individual user login, the applicant will complete the required online application, which includes:

1. **Required Organization Profile**
2. **Required Application**
3. **Required Budget Form**
4. **Other Attachments** – Tree maintenance plans are required for those projects involving tree installation. **If specific partners have been identified, then Letters of Partnership or Collaboration are required**—a maximum of 5 pages for all letters, combined, in one electronic

Notice of Funding Opportunity

file. Letters of support (no more than five pages in one file) may be included but are not required.

Required Organization Profile

This section provides information about the applicant's organization, including its key points of contact.

1. This includes information about your organization, your management contacts, and the individual responsible for implementing the grant if it is awarded.
2. Employer Identification Number (EIN)
3. A Unique Entity Identifier from SAM.gov is required before an award can be made. (See page 6 above for more information)
4. The form also allows the identification of a separate point of contact for a business/finance representative and an authorized representative other than the online applicant.

Required Application

Below you will find a list of questions appearing in the application. Applications meeting the minimum requirements listed above will then be evaluated and scored based on how the proposed project meets the following criteria:

1. Fitting this year's grant theme - 1500 Characters (10 points)
Native trees in education, function, design, and use on K-12 school, healthcare, and faith-based institution campuses
2. Project Need and Justification - 500 Characters (0-10 points)
 - Clearly state the need for work
 - Describe how they will project positively and directly impact the urban forest canopy
 - Clearly convey the benefits of this project
 - Describe how the project aligns with AZ Forest Action Plan Goals.
3. Scope of Work and Project Timeline - 2,500 Characters (0-10 points)
 - How will your project be implemented?
 - Include sufficient detail about your project activities
 - Include a description of who is responsible for completing the work
 - Ensure the timeline is reasonable and specific
 - Provide a specific timeline with beginning and end dates that show the project is achievable in 1-1.5 years
4. Collaborative Elements and Partners - 1000 Characters (0-10 points)
 - Identify the collaborative partners and what each will contribute
 - Describe how each partner will contribute to the planning and implementation phases of the project
5. Project Outcomes and Deliverables - 800 Characters (0-15 points)
 - Outcomes are the measurable (how many, how much) results of your actions.
 - Clearly describe your anticipated quarterly outcomes and deliverables. If they are measurable, tell us how many or how much. If you anticipate behavior change, let us know what that might be.

Notice of Funding Opportunity

- How will you share your results and impacts?
6. Sustainability Plan - 2000 Characters (0-10 points)
 - Document your plans for making this project's implementation sustainable.
 - How will it be maintained without additional federal and state financial support?
 - What is your long-term commitment to success?
 - If you are planting trees include some basic details about your tree maintenance plan here, and attach a complete tree maintenance plan to the submission.
 7. Project Budget and Financials - (0-10 points) (Min/Max Award: \$15,000/\$40,000)
 - On the **required budget form**, in the narrative section, mathematically describe how you arrived at the figures in each category
 - Is your budget reasonable and specific?
 - See more details about this form below
 8. Complete and understandable application (0-5 points)
 - Is your application complete?
 - Can someone other than you understand what you are trying to achieve?
 - Are your details consistent across all application questions?

Required Budget Form

This form requests financial details about how the recipient plans to use the requested grant funds. Upload one form per project (maximum of 2 pages). Applicants **must use the budget form provided by DFFM on the eCivis platform** - reach out to the UCF Program Contact if you cannot locate this form. No match is required.

Budget categories include:

- **Administrative Labor (including fringe benefits)** – Administrative labor is reserved for **grant administration and general supervision** of the project. Use their approximate rate per hour and show the calculations to arrive at the final cost in the budget table. Break out any fringe benefits as separate line items, and describe them as such.
 - **Note:** *Reimbursement requests for awardees must be accompanied by payroll documentation and timesheets.*
- **Project Labor (including Fringe Benefits)** – The Project Labor category should be reserved for **staff working for the grantee organization or agency and not contractors**. Use their approximate rate per hour and show the calculations to arrive at the final cost in the budget table. Break out any fringe benefits as separate line items, and describe them as such.
 - **Note:** *Reimbursement requests for awardees must be accompanied by payroll documentation and timesheets.*

Notice of Funding Opportunity

- **Travel** – Describe necessary travel costs and demonstrate how they will be tracked. Show the calculations to get to the final cost in the budget table.
- **Equipment** – Describe equipment costs and demonstrate how they will be tracked. State if this will be used for maintenance, purchase, rental, etc. Show the calculations to arrive at the final cost in the budget table.
 - **Note:** *Equipment budgets may not include the purchase of any capital equipment (valued over \$10,000 per unit).*
- **Supplies** – Describe necessary supply costs and include how they will be tracked. Show the calculations to arrive at the final cost in the budget table.
- **Contractual** – Describe work that a contractor will complete. Include the cost of the work to be done and show the calculations used to arrive at the final cost in the budget table.
- **Other** – Describe other expected project costs as needed. This could include volunteer labor, IDC, etc.

FOOD OR BEVERAGES ARE NOT ALLOWABLE BUDGET ITEMS FOR REIMBURSEMENT OR MATCH

Use the Budget Narrative boxes to provide a **mathematical** explanation (not only a verbal narrative about what you are doing) of how the dollar figures in your request were calculated. Provide as much mathematical detail as possible (amount per item times the number of items, rate per hour, etc.). Reviewers will evaluate whether the costs are reasonable and necessary to complete the proposed work.

Grant Application Review and Ranking

To be eligible, applications must meet the following *minimum requirements*:

1. The applications must be submitted online by the deadline.
2. Funding requested should fall within the granting range (\$15,000 - \$40,000).
3. The proposal must be consistent with all stated grant limitations.

Grant applications are reviewed utilizing a process whereby each application submitted is independently evaluated on its own strengths and merits. Applications will be reviewed by a committee comprised of AZ DFFM Staff and the Urban and Community Forestry Advisory Committee members. Committee members may represent organizations that submit applications for funding. Those committee members must recuse themselves from scoring their own application. The following Recusal Procedures will be followed:

***Recusal Procedures:** Committee members with a conflict of interest for specific applicants will be asked to recuse themselves from discussions and ranking those grant applications. Recusal includes leaving the room during discussions and refraining from influencing committee votes through dialogue.*

***Conflict of Interest:** A conflict of interest exists if a review committee member, or a member of their family, is a director, principal officer, key employee, or member of a committee with*

Notice of Funding Opportunity

delegated powers who has a direct or indirect financial interest. A person has a financial interest if the individual has, directly or indirectly, any actual or potential ownership, investment, or compensation arrangement with the grant applicant.

All grant reviewers must complete an Urban and Community Forestry Green Campus Application Evaluation Conflict of Interest Disclosure Form, which will be kept on file at the State Forester's Office.

The grants awarded are discretionary funds. The review committee's recommendations will be presented to the State Forester for consideration, and the State Forester will make the final funding decision.

Frequently Asked Questions

How do I submit my application?

Applications must be submitted online through the eCivis portal.

https://gn.ecivis.com/GO/gn_redir/T/19laj16eunv7i

Do I need letters of support from my Board of Directors or contributors who provide a cash and/or in-kind match with my application?

Letters of intent and signatures from volunteers providing cash or in-kind match are not required. However, letters of support from sponsors, partnering organizations, and community leaders may help your application.

What is the allowable Overhead/ Administration rate?

It is intended that most grant funding is required for specific project implementation and not general organizational support or administrative costs. The expectation is that less than 15% of grant funding will be utilized for general overhead expenses such as administrative labor, accounting, office expenses, etc. These expenses must be allocated to the project and documented as any other direct project expenses. If "Indirect Costs" are proposed, an indirect cost rate plan must already be established by the organization or be permitted under 2 CFR 200 and approved by DFFM before allowance of these expenses. Reimbursement of Indirect Costs greater than 15% will not be allowed.

Can I get funding for a project that has already been funded or started? Can money spent on another previous component be used as a match?

No, previously funded projects and ongoing projects are not eligible. If the proposed project is a second phase or component of a previously funded project, you may apply for UCF Green Campus Grant funds. Matching funds for another grant project cannot be used.

Will the grant funds be given out at the beginning of the grant cycle?

No, funds are only given out as the project is worked on and monies are spent (reimbursement-based grant). No money will be given out without a fully documented report and supporting paperwork. Match greater than or equal to the costs incurred must be shown before a reimbursement is made.

What is the value of volunteer labor?

Volunteer time may be valued at the local market rate for equivalent work (children aged ≤14 years at minimum wage). Hourly rates exceeding \$30.00/hour will require specific support documentation for justification and approval. If you use consultants, forestry professionals, planners, etc., who donate their

Notice of Funding Opportunity

professional services, appropriate hourly rates may be documented in a letter from the individual or their organization.

When will I know if my grant was accepted? What is the next step?

Applicants will receive a confirmation email that their application was submitted. After grant proposals are reviewed, applicants will be notified if their grant requests have been funded. The contract will be emailed to the grant recipients for approval/execution. Billable, funded work on your project cannot begin until you receive a copy of the final executed grant agreement.
