

Food Security and Sustainable Agriculture

COLLEGE OF AGRICULTURE
AND LIFE SCIENCES

Our Featured Presenter: Dr. Turki Faisal Al Rasheed

As Chairman and Founder of Golden Grass, a leading agricultural firm in Saudi Arabia, he has firsthand experience about the role agriculture and water play in enhancing security and promoting economic growth. A 1981 graduate of the UA Agricultural Engineering program, Dr. Al Rasheed has travelled the world presenting about the importance of agriculture and will return to his Alma Mater to share his insights.
