Office for Research & Discovery

The Faculty Early Career Development Program (CAREER) is a National Science Foundation (NSF) -wide activity that offers NSF's most prestigious awards in support of junior faculty. The UA's Research Development Services (RDS), a unit of the Office for Research & Discovery, is pleased to offer the **NSF Career Grant Preparation Program** ("Program") during the Spring of 2015 to provide an overview of the CAREER opportunity and provide proposal development assistance to those that chose to submit a full proposal.

Full details, including registration opportunities, are available on the Research Gateway at:
