# Gone With the Wind

## Or How Keep Your Invention from Slipping Through Your Fingers

Lunch & Discussion

**Q: When is the right time to start talking with  
Tech Launch Arizona about your invention?**

**A: *Now.***

The minute you realize you have a potentially impactful technology idea – that “Ah HA!” moment – is truly exciting. But what do you do next?

At this lunch with **patent attorney William Greener**, we'll discuss what patent attorneys need from inventors to draft powerful and artful patent applications.

Whether you've filed patent applications in the past or have never even submitted an invention disclosure, this seminar will prepare you for the written description of your awesome invention.

**We'll provide the good eats, so come and learn directly from an expert about the essentials of drafting a strong patent application.**

**This event is for UA faculty, staff and students only.**

**Lunch will be provided for all who RSVP in advance.**

**November 2, 2017  
Noon - 1:00 PM**

**Silver & Sage Room,  
Old Main**
