Meeting Focus:

The next dialogue platform meeting will mainly focus on two areas:

- the **Grasslands, Savannahs and Rangelands (GSR) Coalition**, initially floated at the UNCCD COP, May of this year
- preparations for the up and coming COPs: UNFCCC in Egypt in November and CBD in Montreal in December

This session is an opportunity for participants to share perspectives on the information presented, including any upcoming events and reports they might be preparing for either the climate or the CBD COP, which might offer opportunities to build collaborations.
