

TO: University of Arizona Community Members

SUBJECT: Invitation from the Arizona Board of Regents to participate in UA Presidential Search Community Forums

The Arizona Board of Regents Presidential Search Committee, chaired by Regent Dennis DeConcini and Regent Rick Myers, invite you to attend an open community forum to share your perspectives about the desired qualities and attributes the next president of the University of Arizona should possess, as well as provide input regarding the issues and opportunities that may come before the new president.

Specific information about the UA Presidential Search Process, including a description of the desired leadership characteristics, a list of the Search Committee members, are available through the Regents' website at:

<http://www.azregents.edu/uapressearch/uapressearch.aspx>.

These Community Forums are open to all members of our University and broader community: our students, faculty, professionals, staff, University and community advisory councils, community leaders and stakeholders, government leaders, donors, and alumni. I hope that you will be able to attend one of the available sessions to provide your valued comments.

Eugene G. Sander  
President
