RE: International Travel Registration and Winter Closure

Please note that due to the winter closure, all official UArizona international travel departing before January 10, 2020 must be registered in the Global Travel Registry by Wednesday, December 18th.

Should any travelers experience a critical (i.e. life-threatening) emergency over the closure, they should refer to the 24/7 numbers listed on the UArizona Global website. Global Travel will begin reviewing any travel registered between Wednesday, December 18th and Wednesday, January 1st starting on January 2nd when the University re-opens.
