

Europe offers international research funding opportunities – come learn more about **Horizon Europe program**

Wednesday January 15, 2025

11:00am -12:00pm MST

Silver and Sage room, Old Main

Dr. Florent Bernard
Science Counsellor
European Union, D.C.

Horizon Europe is the European Unions (EU) key funding program for research and innovation. This program facilitates collaboration and strengthens the impact of research and innovation by offering international cooperation tools and funding opportunities. As a representative of the EU's delegation in D.C. **Dr. Bernard** will share how U.S. researchers can acquire funding from the EU via Horizon Europe.
