

## Postdoc: Insect-Fungus Symbiosis

- Looking for a postdoc position?
- Do you have experience with any of the following:
  - diversity and genetics of fungi
  - high-throughput marker-based community surveys
  - next-gen sequencing library preparation
- Join our growing Symbiology team at the University of Florida to study the Ambrosia Symbiosis: beetles that farm fungus gardens to kill and digest trees.  
[www.ambrosiasymbiosis.org](http://www.ambrosiasymbiosis.org)
- Please send your CV to Jiri Hulcr, [hulcr@ufl.edu](mailto:hulcr@ufl.edu).
- Application deadline: December 10, 2013
