

THE UNIVERSITY OF ARIZONA

**TECH LAUNCH  
ARIZONA**

# Never Settle with just an idea.

Start a business

## In 2014, we open our doors to students.

Tech Launch Arizona is now offering students the opportunity to get connected to commercialization resources. Our new program, TLA Ambassadors, has identified programs and activities that welcome student inventors and entrepreneurs. Both the University of Arizona and the local Tucson community have a wealth of resources and we would like to point you in the right direction.

### Are you a student inventor or entrepreneur?

#### Commercialize your idea

Whether you're researching on campus or are an inventor at home, we can help. We have resources for all student innovators. Get in touch and we can help you figure out your next steps!

#### Connect with local startup community

Students are pitching and launching their own businesses. Tucson is packed with opportunities to get involved and to get inspired. Follow us online and find activities and events that can put you in touch.

#### Programs and resources

Interested in finding a program that will support you through founding your business or commercializing your idea? Focused workshops and other education resources are available for students. Let us help you find the right one.

#### Internships

Interested in gaining exposure to commercialization? We are creating new paths for students to get active in technology development. Contact us to learn more about internships for undergrad, grad, and professional students.
