

August 12–16 | Denver, Colorado

Join Us for Plant Health 2023!

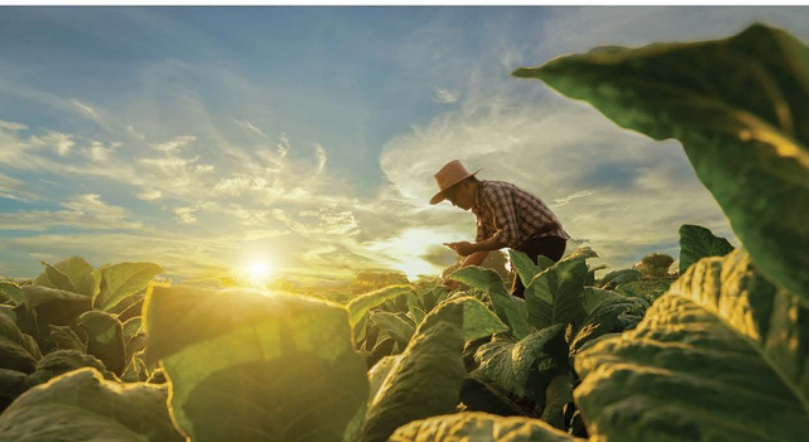

LINKS to a Sustainable Future

The American Phytopathological Society (APS) is excited to **connect, collaborate, and share** the latest research with our fellow plant pathologists at this year's annual meeting.

Register today to explore local and indigenous knowledge systems (LINKS) and learn how they are essential to the future of global agriculture.

Join us in Denver for:

Targeted Networking Events
Idea Café Roundtables • Hands-on Workshops
The Latest Science and Research
Expert Speakers • Engaging Field Trips
