

3540 E Corona Ave
Phoenix, AZ 85040

Position: Laboratory Technician - Full-time (8am – 4:30PM)

A laboratory technician is responsible for:

- Preparing soil, plant, and other samples received for laboratory analysis.
- Reviewing the summary of logged in samples to account for all samples.
- Weighing and extracting samples for analysis.
- Making reagents for extraction.
- Maintaining a clean working environment including cleaning laboratory glassware. It is imperative that the work area is kept clean and organized at all times.
- Performing other duties required to perform laboratory analysis.

Physical Demands:

- Preparing soils and plants for analysis require the use of a grinder, a sieve and a laboratory scale.
- Must be able to stand for long periods of time

Personal Protective Equipment (PPE):

- Use proper personal protective equipment when preparing samples. For preparing soil and similar materials, use gloves, safety goggles and dust mask.

Education and training requirements:

- Minimum 2 years chemistry education
- Follow directions and have common sense
- Self-motivated and detail oriented
- Multi-task and work in a fast paced environment with deadlines
- On-the-job training will be provided for necessary equipment and techniques

Hours: Monday thru Friday, 8am to 4:30pm.

Salary: \$10/hr (training period) \$12/hr (after trained)

Benefits: PTO
