

First Spring Meeting

January 29 | 4:00 PM | Shantz 440

The LSSA is an University of Arizona School of Plant Sciences student organization working toward educating the UA and Tucson community with knowledge of plant science, sustainability, and the environment.

Guest Speaker: Dr. Gene Giacomelli

Dr. Giacomelli is the Director of the Controlled Environment Agriculture Center here at the U of A. His work at the U of A focuses on research, design, development and application of Controlled environment plant production systems. He also is apart of the team which has helped to design the Lunar Greenhouse Outreach and Teaching Model.

Get involved with activities to build your resume relating to: plant science, agribusiness, leadership, outreach and more!
