

PLS 361

Plant Physiology Lab

Dr. Ravi Palanivelu

Spring semester
W 2-5 pm

Using current techniques to address authentic research questions in plant biology:

- ▶ **First hand training-** faculty direct each class period
- ▶ **Authentic, "real world" research questions will be addressed**
- ▶ **Grounded in basics-** research in context of plant physiology questions
- ▶ **Hands-on laboratory class-** current laboratory techniques used each class
- ▶ **Useful training-** techniques are those used in modern plant biology laboratories
- ▶ **Interactive atmosphere-** let's have some fun doing real science!
