

Interested in scientific research?

Experience how research is done!

Apply to UBRP!

UA's Undergraduate Biology Research Program (UBRP) provides opportunities for students to participate in a paid, mentored, summer research experience involving inquiry, design, investigation, research, scholarship, discovery, and the presentation of experimental results.

UBRP students will work full-time (35 hours/week) for 12 weeks during Summer 2018.

Applications open October 1, 2017. To learn more & to apply, visit <https://ubrp.arizona.edu>.

Applications are due February 1, 2018 at 5:00 pm.
