

FAST TRACK

ADOBE CREATIVE CLOUD

4-week,
100% online
program starts
March 18

Build your creative literacy with Adobe Creative Cloud.

What is Adobe Creative Cloud?

Adobe Creative Cloud is a software-as-a-service offering from Adobe for graphic design, video editing, web development, photography, and cloud services. The University of Arizona has announced an agreement with Adobe to provide its student body the full suite of Adobe Creative Cloud software, making the institution the company's first West Coast Adobe Creative Campus to earn this recognition for its commitment to creative and digital literacy among its students.

What to Expect

This program is designed to guide you through your chosen software, its applications, and the iterative and collaborative nature of the design process. **You will select one of three tracks: Photoshop, Premiere Pro, or InDesign.** You will then dive straight into learning about your chosen application with projects and discussions on creative literacy due each week. We have partnered with employers across campus to offer engaging, real-world projects that will focus the works you create in the workshop. **No prior experience required.**

FAQs

WHO CAN APPLY?

This program is open to currently enrolled students and students who have graduated within the past year. (If you are not a current UA student, you must have access to your own Creative Cloud software.)

HOW MUCH DOES IT COST?

\$199, through Handshake.

IS THIS PROGRAM ENTIRELY ONLINE?

Yes. All of the program videos, tutorials, assignments and feedback are administered online via D2L. There *are* optional office hours with our on-campus team.

IS THERE ANY SUPPORT IF I NEED IT?

Yes! You will be able to speak directly to Brian, the program facilitator, if you run into any issues. This is where our program rises above other online learning sites.

Receive an official **UA Micro-Credential** upon completion of the program! Add it to your LinkedIn to impress employers!
