DESIGN THE FUTURE: CYBER SECURITY

What will the future hold when it comes to securing our data? Don't just sit and wonder, leverage your creativity to design the future with us! No technology experienced required. On February 20, 2020 we're partnering with HCL Technologies, an industry leader and growing employer, to convene people from across campus for one night. Together we will imagine the future of application security (think all the things you tap to open on your phone) and bring our ideas to life. The best part? There's no right answer...the possibilities are endless.

Thursday, February 20, 5 – 7 PM, CATalyst Studios, UA Main Library

We're providing dinner and door giveaways, all you need to do is register here:
