DESCRIPTION:

The COVID-19 pandemic has disrupted agricultural extension and community outreach services globally, having a major impact on agricultural productivity and food supply worldwide. The extension and advisory services are taking positive steps to continue to offer their services through innovative approaches. This special webinar will share experiences, best practices, and lessons in providing extension and outreach services to local farmers and local communities in various regions of the world. The panel members will include extension leaders from MSU, India, Nigeria and the Philippines.

Date: June 25, 2020

Time: 7:30—9:00 a.m. EST
