Join your neighbors to remove buffelgrass from parks and public lands—Saturday, Jan. 24, 2015

Buffelgrass is a wildfire waiting to happen. Buffelgrass invasion is threatening to transform the mostly fireproof and diverse Sonoran Desert into a flammable and impoverished savanna, affecting both natural and urban areas. On Saturday, January 24, 2015, hundreds of volunteers will join the fight against this growing environmental problem for the **Annual Beat Back Buffelgrass Day** (To register, visit www.buffelgrass.org).

This year SABCC will be hosting a site in the A Mountain Community in support of our FEMA grant. Coach Mike Candrea and the University of Arizona Women's Softball Team will again be joining SABCC at our site AND there are many other sites to choose from across the Tucson basin and even a few in Phoenix.
