Workshop Purpose: Learn new techniques for water developments and increase familiarity with the Tonto National Forest process for approving projects.

Workshop Format: Short presentations by ranchers and partners who completed projects on 1) water distribution systems using windmill, solar, and fossil fuel power; 2) surface water catchments in dirt and trick tanks; and 3) spring development.

Sponsors

AZ Game and Fish, Black Mountain Excavation, Farm Bureau Insurance, Gila County Cattle Growers, Mule Deer Foundation, New Grid Solar, Solar Exchange, Tonto NRCD, Tractor Supply Company-Payson, UA School of Natural Resources

Developing Livestock and Wildlife Drinking Water Systems on the National Forest
