

The Science and Mathematics Faculty in the College of Integrative Sciences and Arts (CISA) at Arizona State University's Polytechnic campus invites applications for a Lecturer position to start in August of the 2019-2020 academic year. The successful candidate will provide instruction in the Applied Biological Sciences (Natural Resources Ecology) degree program. Courses will be on subject matter such as: Ecological Restoration, Rangeland Ecosystem Management, Wildland Plant Identification, Ecosystem Management and Planning, Wildland Fire Ecology and General Biology. Course assignments are at the graduate/undergraduate levels, and may occur in a variety of modalities (online, on-ground, hybrid), on the Polytechnic campus in Mesa, Arizona. The course load is determined by the faculty head and typically consist of four classes per semester. The successful candidate will also be expected to participate in service to the institution, college, unit and profession as appropriate. Such participation includes coaching the Range Plant Identification Team and participating on committees. This is a full-time, benefits-eligible, non-tenure eligible position renewable on an academic year basis contingent upon satisfactory performance, availability of resources, and the needs of the university. Salary is competitive commensurate with experience. Candidate must reside in Arizona, or be willing to relocate. For more information please visit <https://cisa.asu.edu/>.

**Required Qualifications:**

- PhD in Applied Biology, Ecology, Range, Plant Sciences, or related fields at time of appointment
- Working knowledge, field experience, and training in ecology and management of rangelands and other natural resources
- Evidence of teaching effectiveness
- Excellent English written and spoken communication skills
- Stated commitment meeting the needs of diverse student populations and/or reaching out to diverse communities

**Desired Qualifications:**

- Demonstrated ability to work collaboratively in a team environment
- Curriculum development expertise
- Experience teaching online courses
- Experience in working with federal land management agencies as well as state and private organizations who have a role in the management of natural resources
- Experience working with students on internships, honors theses or other non-traditional projects
- Demonstrated ability to articulate natural resource science within and outside the classroom to diverse audiences
- Experience in course management systems such as Canvas

**Application Procedure:**

To apply, visit <https://cisa.asu.edu/jobs> and upload your application as **one combined .pdf document** under job number **12653**. Only electronic submissions will be reviewed. Incomplete applications will not be considered. Applications must contain:

1. A letter of interest outlining their scholarly agenda and qualifications and experience as it relates to the position
2. Curriculum vitae
3. Statement of teaching philosophy
4. Evidence of teaching effectiveness
5. Information for three professional references (their position, title, e-mail, phone number)

The application deadline is **12/17/2018 at 5pm**; and if not filled, then every Friday thereafter until the search is closed. Official Transcripts required prior to first day of employment. A background check is required prior to employment. For technical assistance with your application contact [cisahr@asu.edu](mailto:cisahr@asu.edu), for position-related questions contact Search Committee Chair Eddie Alford at [Eddie.Alford@asu.edu](mailto:Eddie.Alford@asu.edu)

Information you will need to complete the survey: Job Number: **12653**; Job Title: Lecturer, Science and Mathematics Name: College of Integrative Sciences and Arts

**General Information:** Arizona State University is a comprehensive public research university named #1 in the United States for innovation for the fourth consecutive year, (<https://asunow.asu.edu/20180909-asu-news-ranked-most-innovative-US-school-fourth-time>) followed by #2 Georgia State and #3 MIT. We measure our success not by whom we exclude, but rather by whom we include and how they succeed; advancing research and discovery of public value; and assuming fundamental responsibility for the economic, social, cultural and overall health of the communities we serve. ASU's College of Integrative Sciences and Arts is home to innovative teachers who are guided by educational access, student success, applied learning, and interdisciplinary inquiry. CISA has over 7,300 students in all levels of degree programs and over 200 faculty members. We understand there are many paths to achieving a university education, and we build [undergraduate](#) and [graduate](#) degree programs and pathways that are flexible and relevant for a rapidly changing world.
