

Agricultural Land Acquisitions Academic Coordinator II Serving Fresno, Merced, and Tulare Counties

Position Overview

Location Headquarters: UCCE in Fresno County

Purpose: The Academic Coordinator will support the mission of the Sustainable Agricultural Land Conservation Program (SALC) alongside the Strategic Growth Council (SGC) and the Department of Conservation (DOC) by providing local and regional planning agencies, land trusts, non-profits, landowners, and other key stakeholders with input on critical land use issues, strategies, and opportunities. They will actively engage partners and provide technical expertise to support the development of SALC acquisitions and plans, and will enhance the capacity of underserved communities to apply to SALC.

The Academic Coordinator will work in conjunction with SGC-funded technical assistance programs to identify opportunities to leverage existing resources to promote infill development, conserve agricultural land, and practice climate smart agricultural methods. Their work will inform sound land conservation planning and conservation strategy implementation that simultaneously protect productive agricultural land and biodiversity while laying a solid foundation for ecosystem and food management in the future. The goals of the program are to:

- Support land-use planning that emphasizes development in existing neighborhoods and protection of sustainable agricultural systems and ecological values;
- Protect agricultural lands with high food production, ecological and adaptation values through improved engagement with the SALC easement program;
- Support the development of region or county-led assessments of current and potential economic, ecological, and adaptation values of agricultural lands;
- Increase the number of SALC Planning grant and Easement Grant Applications from the San Joaquin Valley and Southern California;
- Help land trusts develop fee-title acquisition projects through which land trusts can provide land access to Disadvantaged and Low-Income Communities and/or Socially Disadvantaged Farmers and Ranchers
- Connect farmers and ranchers to UC ANR services and resources to support the use of climate smart agricultural practices;
- Identify local/regional barriers to sustainable land-use planning and make recommendations to SGC and DOC to better address needs on the ground through capacity building and technical assistance efforts

Counties of Responsibility. This position is located in Fresno County, with additional responsibilities in Merced and Tulare Counties. There is an opportunity to work collaboratively across counties.

Reporting Relationship: The academic coordinator serves under the administrative guidance of the University of California Cooperative Extension (UCCE) Fresno/Madera/Tulare/Kings County Director with input from the Cooperative Extension Land Use Change Specialist.

Qualifications and Skills Required

Required Qualifications

Education: A minimum of a Master's degree in Planning, Geography, Environmental Science or related field is required at the time of appointment.

Preferred Qualifications

The following qualifications are preferred: excellent organizational, management and interpersonal skills; successful project management experience in land use planning or land acquisition. Expertise in agricultural land use planning, regional food systems, sustainable agriculture and outreach and engagement is preferred. Knowledge of the Sustainable Agricultural Lands Conservation Program is also desirable.

Skills Required: To be successful, Academic Coordinators require skills in the following:

Technical Competence and Impact

The candidate should understand key concepts related to critical land use issues in California. The candidate will be able to develop strategies, and create opportunities, to design and implement a program that leads to positive changes and impact within the community and beyond.

Communication

Demonstrated excellence in written, oral, interpersonal and information technology communication skills.

Collaboration, Teamwork and Flexibility

Demonstrated ability to work collaboratively as a team member with others. Able to adapt as circumstances warranted. Promote diversity, equity and inclusion.

Lifelong Learning

Demonstrated commitment to ongoing self-improvement - both professionally and as a person.

About UC ANR
