Temporary FIRE Positions Jobs Notice for 2022 Season

GS-02 thru GS-07

The Gila National Forest of the Southwestern Region of USDA Forest Service is looking for committed and hardworking individuals for all aspects of our land management work on SIX Ranger Districts, Tanker Base and Lookouts with positions located in southwestern New Mexico. Our temporary workforce is a key piece of managing 3.5 million acres of land on the Gila Forest. **We will hire fire positions to work in the areas of firefighters on engines, handcrews and hotshot crews, dispatchers, lookouts, and tanker base support. See attached list of positions, locations and vacancy numbers.**

This outreach is for GS-02 through GS-07 temporary positions. The vacancy announcements for these positions are posted on the U.S. Government's official website for employment opportunities [USA Jobs](#).

The vacancy announcements are **OPEN in USAJOBS from AUGUST 16-23 only**. Those who wish to be considered for these positions must apply to the vacancy announcements by the closing date of August 23, 2021. See attached "TIPS FOR APPLYING TO USAJOBS". Selections will be made between October and December. Work will not start until at least January 2022.

All applicants who have applied to the job announcements on or before the listed closing date and are found to be qualified and in the quality group will be referred for consideration. Applicants should check the status of their application during this time in your USAJobs account.

HOW TO APPLY FOR SPRING-SUMMER FIRE JOBS ON THE GILA NATIONAL FOREST!

How to Apply:

1. Create a Login.gov account for USAJOBS at www.login.gov
2. Create a USAJOBS account at www.usajobs.gov
3. Create a Resume – you can use the USAJOBS format resume builder or upload your own resume – pay attention to the information on the USAJOBS format resume! – SEE RESUME TIPS BELOW!
4. Apply Online at USAJOBS – you will need RESUME, IQCS Master Record (fire positions), College Transcript, proof of service in military (if you have served), any other requested docs for your application. Do NOT leave out any required documents, leaving out required documents is the quickest way for your application to get disqualified.
5. Job Announcement Number – you will need the job announcement number for any of the jobs you are applying for – see job announcement numbers on previous pages
6. In 2021, you can pick up to 10 locations for each job you are applying for – consider more rural locations! Rural locations tend to receive fewer applicants.
7. Read the job description. If you can't qualify, try a different job.
8. If you need help, call or email the hiring contact person of the position you are applying for - see previous pages for that information.

RESUME TIPS!!

1. Previous jobs – Dates = **month/day/year**. If you worked for a federal land management agency, put the SERIES, GRADE, POSITION TITLE, ACCURATE DATES, LOCATION

Example: GS-0462-4 Forestry Technician, May 15, 2021 – September 15, 2021, Reserve Ranger District, Gila National Forest

2. Describe skills and experience with field-going employment in mind - your job in the Forest Service includes working in the outdoors, potentially in remote settings. Describe your experience in outdoors coursework, or employment. Be specific about trainings you have had, technical skills you have, tools you have used, digital technology you know how to use, ability to drive 4wd vehicles, etc.
3. Supervisors you have had – provide emails and phone numbers that are current. Don't leave these out, this is how we do reference checks.
4. Tie your resume information to the job questionnaire that you fill out for the position you are applying -THIS is CRITICAL. This is how HR qualifies you for the position you are applying for. Go back and update your resume after you have filled out the job questionnaire. If the questionnaire asks about specific skills, speak to those specific skills in your resume.
5. Proofread your resume, then proofread it again. Ask a supervisor/advisor to provide feedback.
