Baleshka Brenes, PhD
Director of Ag Programs
bbrenes@email.arizona.edu

**Application Deadline:
February 25, 2022**

About the Experience:

- Students will interact with specialists such as conservation managers, and other NRCS staff.
- To assist the USDA – NRCS field office staff in providing conservation planning and technical assistance to farmers, ranchers, other types of landowners, and local government officials.
- Students will learn about natural resource management strategies as NRCS technical specialists recommend ways to conserve soil, improve water quality and quantity, manage nutrients, and protect and improve wildlife habitat.
- Students will also learn about and assist NRCS staff incorporate the various federal cost-share programs that provide financial assistance to help local producers implement conservation practices.
- To accomplish this, a combination of office and field work activities will be part of the internship experience.

Application Deadline:
February 25, 2022
