Bureau of Land Management

CAREERS CARING FOR THE LAND YOU LOVE.

Help us achieve our mission of managing and conserving public lands for the use and enjoyment of present and future generations.

LEARN ABOUT OUR CAREERS AND APPLY

At the BLM, our people are our greatest resource. Whether you have a background in science, engineering, law enforcement, fire management, business or another related field, we could use your skills and expertise to help manage our country's public lands and resources. With a career at the BLM, you can do what you love in a great location and support an important mission with like-minded coworkers.

WORKING AT BLM

Our multiple-use mission is what sets us apart at the BLM. We find the best fit for our public lands, which means we manage our lands for a broad range of uses, including outdoor recreation, mineral development and energy production, and the conservation of natural, historical and cultural resources. We provide a family-friendly work environment, excellent benefits and, ultimately, a fulfilling career path.

Our offices are located across the United States and span many different climates and landscapes including alpine mountains, arid plains and deserts, deep canyons, beautiful rivers and lakes, and lush forests. Whether you are working out in the field or in the office on a project, you will play a critical part in sustaining nation's public lands for present and future generations. BLM has locations in Alaska, Arizona, California, Colorado, Dakota, Idaho, Maryland, Montana, Mississippi, Nevada, New Mexico, Oregon, Utah, Virginia, Washington, Washington D.C., Wisconsin, and Wyoming.

DIVERSITY PROGRAMS

As a federal agency, our workforce at the BLM is reflective of the people we serve at all levels and in all occupations across the nation. Individual differences are recognized and encouraged to maximize our commitment to quality services. We are proud of the contributions of individuals with disabilities, women and girls, and our many partners, and strive to provide a comfortable, inviting work environment for all.

Individuals with disabilities may apply for jobs at OPM through regular "competitive" procedures or under special "noncompetitive" hiring authorities. Learn the difference between the competitive and noncompetitive hiring processes and how special hiring authorities work here: <https://www.opm.gov/policy-data-oversight/disability-employment/getting-a-job/#url=Hiring-Process>

STUDENTS AND GRADUATES

Get a breath of fresh air while managing and exploring public lands in the United States! Share your innovative ideas and gain valuable experience to put toward your future career. Here you can trade the classroom for the great outdoors while you make money as a paid Intern or as part of our many programs for Recent Graduates. Learn from and work alongside experienced professionals in breathtaking locations across the country.

To discover which program offered by BLM is right for you, please visit <https://www.blm.gov/careers/students-and-grads> for further information.

Please visit our website for more information on careers with the BLM at <https://www.blm.gov/careers>
