# \*NEED INTERVIEWEES\*

Hello! My name is Arielle O'Connor and I am currently a graduate student within the AETI department. I am studying how academics influence wildlife and range management students perceptions on protected equine.

I am currently looking for wildlife and range management undergraduate students to participate in an interview that would be approximately an hour or less. I will be asking about one's experiences within their degree program as well as their knowledge and opinion on protected equine (wild horses and burros). If you are interested please contact me with the information below. Thank you for your time!

*Thank you!*
