

Hiring: Rangeland Ecology Research Assistant

Are you interested in plant ecology, wildlife and cattle interactions, disturbance effects on plant communities, and working with a diverse group of individuals and agencies? If yes, join our team in the Thunder Basin Ecoregion this summer!

We are seeking two individuals to join our team this summer. Full training is provided. Experience in plant ID, field measurements, or other field work is beneficial.

Dates: May 19 - August 14, 2025 (13 weeks; start and end times may be flexible)

Schedule: 40 hours per week (4 x 10 hour days)

Salary: \$16.97/hr; Three days of PTO and three paid holidays included

Housing: On-site housing is provided.

E-mail your resume, transcripts (unofficial is fine), and a cover letter detailing your interest in the position, availability, and any relevant experience to both:

Dave Pellatz
