

RESTORING BIOCRUSTS, USING PAIRED SOIL TESTS TO FIND THEIR SOIL NUTRIENT THRESHOLDS

Free online workshop by Craig Carlton Dremann, co-owner of the Reveg Edge

At this one hour workshop, you will hear about

- 1) Determining soil nutrient thresholds for biocrusts using paired waypoint soil and organic matter test protocols
- 2) Drivers of biocrusts in the top 5 cm. of soil in restored grasslands

July 24, 10am PST
